We hope that more and more parents will contribute and join us in our increasing pride in The AMI School.

This is the 2016-2017 edition of the Parent Handbook. It provides all necessary information about the school activities, programs and practices. This should be saved for reference throughout the school year.

Health and hygiene

A check for proper uniform, clean short nails and tidy hair is conducted every week and warnings are issued to children. Children are not allowed to attend classes and sent back home if any of these problems persist.

Lice and Nits

Head lice and nits spread rapidly and need to be contained immediately. A daily check for this is done at school and warnings are issued for parents to ensure that the hair is completely free of lice and nits by the given date. In case, this is not done, the students are sent back home and not allowed to attend classes. These students are made to sit separately till they are picked up by the parents. Parent support and cooperation is essential to provide a clean and healthy environment at school as well as minimize the effects such problems have on children's personality and social acceptance.

Bags

KG I onwards children are required to bring bags. Books and copies are provided by school.

Stationary

All stationary items from Pre-Nursery to KG II are provided by the school. From class I onwards students are to bring simple stationary boxes with the specified stationary items.

We request you to send healthy, home made snacks such as nuggets, sandwiches, plain cakes with fresh fruits, vegetables, etc. Kindly do not send junk food such as chips, sweets, chocolates, coke, etc. A little trouble taken over this will ensure a healthy diet and good eating habits which are essential in the development of a healthy mind and body.

Labels:

All items of clothing, lunch boxes, bags and water bottles should be labelled with the child's full name. Permanent markers or nail polishes should be used for this purpose. Please make sure that no unlabelled item is brought to the school, as it causes unnecessary confusion and worry.

Reporting to parents:

Student progress is formally reported to parents by written reports and through parent/teacher conferences at school. For class I and II a daily record of work done in the class and H.W. given is maintained through the diary. This must be checked and signed regularly by the parents. **Writing by parents in diaries or copies is strictly not allowed. New diary or copy has to be purchased if this is done even once. Parents can attached or send notes if there is a need to communicate with the teacher.** Parents may schedule conferences at any time by making arrangements in advance with the Office Incharge. Written reports are sent home with children in December from KG I onwards and with Nursery children in May only.

Assessments:

Regular assessments are held throughout the year. If your child attends school regularly, he/she will have no problems. Promotions are based not only on assessments but on the overall academic performance.

Class calendars are issued on a monthly basis.

School calendar:

The school activity calendar is issued at the beginning of each school year.

SCHOOL POLICIES

Attendance:

Absent for one day, the child must bring a note of excuse the next day.

Important:

If the child is absent for more than **one week** without prior written permission or information, the **admission** of the child can be **cancelled**. Less than **80%** attendance is unacceptable and will effect promotion to next grade. Therefore, leaves must be kept to a minimum throughout the academic year.

A written note is needed if the parents want to send their children with some one else or get them picked-up earlier.

Late comings

Only Three (3) late comings in a month are permitted. After that all late comers are sent back without exception.

Emergency numbers:

A current home, office and emergency telephone number (or numbers) or alternative method of contact (e.g., neighbour) must be on file at the school. It is the parent's responsibility to update this information IMMEDIATELY when changes occur.

Homework/Class work review:

At the Nursery & KG level, homework is only given if the teacher feels it is necessary for the child to repeat the work done in the class. A brief review of work done in class will be sent to you every month. Please monitor any homework given by the teacher.

Class- I onwards, regular homework is given. For class I, a weekly review sheet is sent home. From class II onwards, a daily record of work is kept in the homework diary.

Staying after school:

Children are expected to go home immediately upon dismissal from school. **The school does not accept the responsibility for children coming and leaving the school half an hour earlier or later than the school timings.** If a teacher wants a child to stay back, parents will be notified.

Holidays:

The school closes on all declared national holidays. To avoid confusion, please remember that the school will remain open if holiday notice does not appear in newspapers and media.

The bulk SMS service is used to inform the parents about unscheduled school closure. School holidays are marked in the annual school calendar issued at the beginning of each year.

The child can come in a party dress on such occasions. Field trips (educational & recreational) are considered a part of the school program and are therefore, compulsory. Prior to a trip, the child must return a permission slip signed by the parent. Children who do not return signed permission slips are not allowed to participate in the trip.

Drives and campaign:

Drives are undertaken each year to support community help based programs. Children are encouraged to participate and help in anyway they can. It is our expectation that parents will display a positive and responsible attitude in order to help build better communities.

Parents' involvement:

It is a "do-it-yourself" school and relies on parent volunteers to remain healthy and growing. Volunteering parents, who give their time to provide this resource for our school, are wonderful role-models of active community involvement for their children.

Volunteer opportunities include serving on a school committee, assisting the teacher with special events or classroom needs, coordinating or working at an all-school festival and helping in fund raising activities.

Parent Assistance Board

The parent Assistant Board comprises of 10 members and has a two year tenure. The board works towards developing a more involved

parent community by arranging different events like seminars, get-togethers and presentations. It also helps and supports the school in expanding its facilities through fund raising activities and drives.

Visits:

Visits by people with special talents, experts and social workers are organized regularly to bring interest and enrichment in the projects taken up by different classes throughout the school year.
