The AMI School was established in 1983 as a Montessori registered with the Pakistan Montessori Association and catered to children from 2.5 to 6.5 years of age. It was later upgraded to a Cambridge O Level school and the first class passed out in 2006.

The school is known to be a progressive, dynamic and an inclusive institution following a curriculum, which along with high academic goals integrates a lot of activities to foster creative and critical thinking in the students. Children are encouraged to develop self-discipline and mutual respect for each other and adults in the environment which promotes life long learning, enabling children to fulfill their true potential. Parents and visitors are welcome at all times and their involvement and contributions are sought to foster partnerships that enhance children's education, character and social awareness.

The school is also deeply involved in community welfare programmes and closely works with institutions like the Childrens' Museum of Peace and Human Rights **(CMPHR)**, Teacher's Resource Centre **(TRC)**, Agha Khan University Institute for Educational Development **(AKU-IED)**, The Book Group, Save the Children Fund and World Wild Life Fund **(WWF)**.

SCHOOL PROGRAMME

Study Tours

All these trips are compulsory & no exceptions will be made.

Drives and Campaigns:

Drives are undertaken each year to support community help based programmes. Students are encouraged to participate and help in anyway they can. It is our expectation that parents will display a positive and responsible attitude in order to help build better communities.

Parents' involvement:

It is a "do-it-yourself" school and relies on parent volunteers to remain healthy and growing. Volunteering parents, who give their time to provide this resource for our school, are wonderful role-models of active community involvement for their children.

Volunteer opportunities include serving on a school committee, assisting the teacher with special events or classroom needs or coordinating or working at an all-school festival.

Social Welfare Programme:

This is a mandatory programme for students of O-I & O-II.

Eco-Internship:

This is a mandatory programme for Class IX

HEALTH

Immunization:

Complete immunization record must be supplied at the time of admission.

Communicable Diseases:

In order to prevent the spread of infection, please keep your child at home when he/she has any of the following:

Chills	Earache	Vomiting	Sore throat
Fever	Eye infections	Skin Eruptions	Mumps
Chickenpox	Head lice	Measles	German Measles
Whooping Cough	Flu	Diarrhea	

PLEASE report such illnesses and resulting absences to school at once.

Accidents Injuries and Sickness:

In case of accident / injury or illness, parents are notified immediately. First Aid is given if needed. An accident / sickness report is sent with the child.

TRAFFIC MANAGEMENT PROGRAMME

Your support and cooperation is required to manage the traffic outside the school more effectively. School staff and CPLC guards are on duty at morning and afternoon time to assist you and keep the traffic moving. This problem effects everyone and requires understanding and patience on everyone’s part to be addressed properly.

Kindly read and follow the instructions and guidelines below for the collective good for all who visit the school daily:

- **Dividers will be put on the road a little distance from the senior branch gates to manage the flow of traffic from both directions.**

Divider Timings

Morning	:	7:30 am – 8:15 am
Afternoon	:	1:30 pm – 2:30 pm

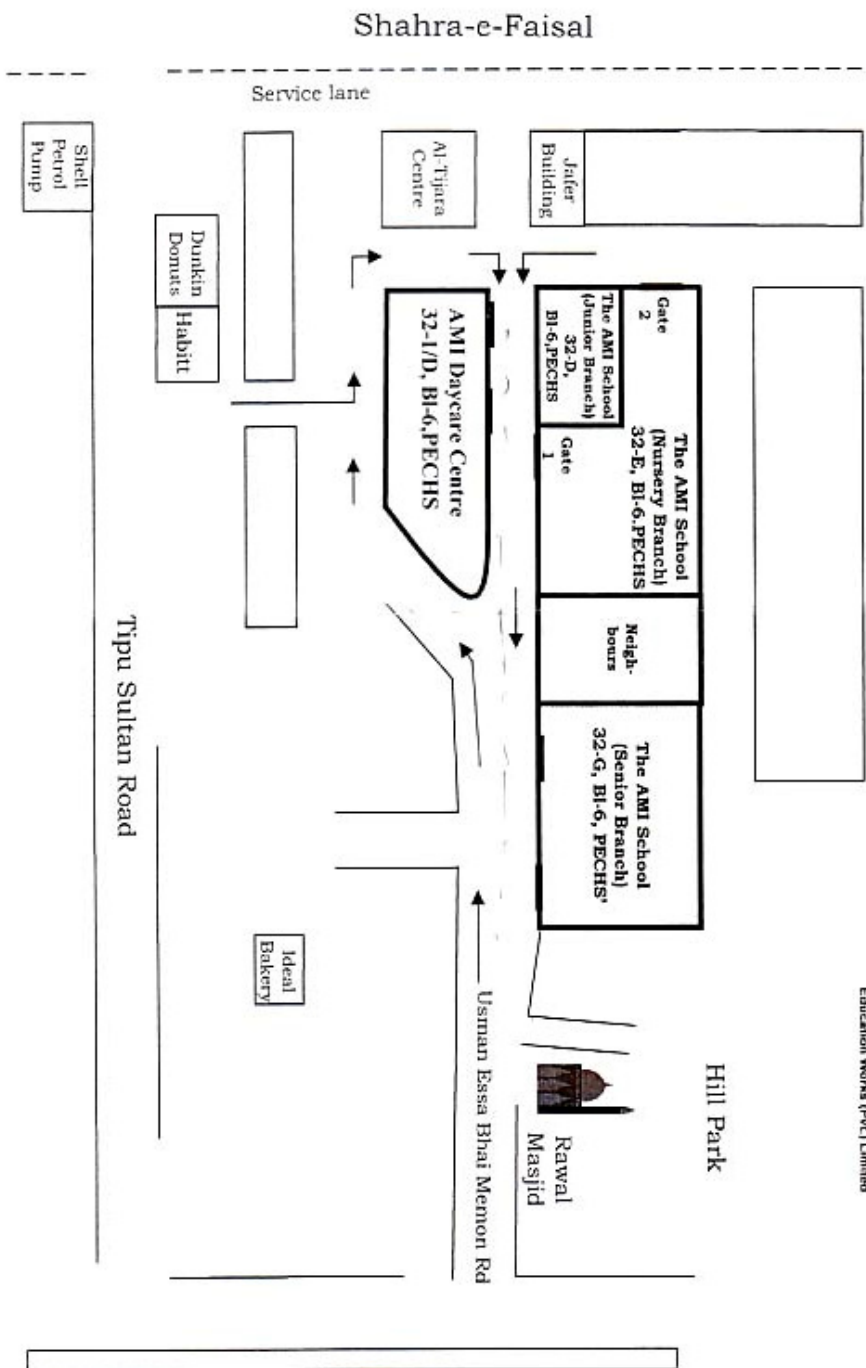

- Cars coming from Hill Park are to go down from the back of Day Care, take a right turn from the lane beside the Day Care building and again turn right to come to the Senior Branch.
- The cars after dropping or picking up students from **“Senior Branch”** must proceed forward or take a left turn before Rawal Masjid.
- Do not drop your child on the opposite side of the school gate at any branch.
- **Do not drop your child in the middle of the road by stopping the car parallel to another.**
- Do not insist on dropping the children exactly in front of the school gate. All wanting to do this creates a huge dead lock at the back making everyone late. Moving up a little ahead of the gate will help avoid this.
- Move your car forward immediately after dropping your child as cars are lining up at the back.

- **Use of horns is strictly forbidden.** Blowing of horns disturbs the neighbours living near the school as well as the students doing lessons and is considered noise pollution.
- Please help the staff by cooperating with them. Do not argue or misbehave with the staff as they are only doing their jobs. A little understanding on your part goes a long way in managing the traffic. Please instruct your drivers also not to argue and misbehave with them.
- Try leaving home 5 – 10 minutes earlier to avoid the rush and anxiety faced when time is running out.
- Make the children keep their bags with them in order to get down quickly. Bags kept in the boot take a long time to be collected and again cause a traffic jam.
- Lastly, patience, understanding and civility by every one can greatly improve the flow of traffic around the school.
- **The AMI Transport management Plan has been reviewed and revised and runs on a trial basis. With your support and suggestions, it will be modified to become one which facilitates everyone.**

The Management does try its best to do whatever is possible to keep the traffic and parking organized but cannot succeed without your help. Truly believing that our parent community comprises of well aware and socially responsible people, we look forward to your support in this matter.

A Location Map and Traffic Management Plan is attached for your convenience.
